## Mister Makeup Loves Holiday Parties!

I mean, who doesn't love putting on extra makeup, drinking champagne from fancy flutes and flirting with fab boys? Unfortunately, most holiday parties kick up their heels after 5 pm – and who has time to go home and pretty up the puss? Well, this month it's Mister Makeup to the rescue. Discover how to transform yourself from office girl to party girl in minutes – right at your desk. Smoky eyes like Kerry Washington's is one quick way to turn from blah to hurrah in minutes. For an easy smoky eye, take dark brown or black pencil and line your top and bottom eyelids. Take a Q-tip and blend the pencil into a soft line – then take a dark eye shadow, I love **glōminerals glōSmoky eye kit**, and lightly go over the line to intensify the color. Finally, take a shimmer shadow and apply over the entire lid and inner corners of the eyes – apply an extra coat of black mascara and you're ready to cause some trouble.
